POWERBOARDS

Powerboards are the ultimate multi-taskers. HPM powerboards are the benchmark in quality and value, with a large range of safety features including overload protection (on all models), surge protection, USB and TV/AV child-safe and heavy duty. There's a HPM powerboard to suit every use.

EXTENSION LEADS

Ideal for the home, office or worksite when you need power in hard to reach places. Thicker, UV stabilised insulation and 100% virgin copper wiring is what separates HPM leads from the el-cheapos. They are tougher, safer, less likely to catch fire or crack under the midday sun.

CHARGERS, TIMERS & APAPTORS

Running out of battery power is frustrating. Lugging around multiple bulky adaptors is a hassle. We stock a vast range of HPM products to keep you charged and moving, with less trouble.

LIGHTING & SENSORS

Whether you're after ceiling lights, heat lamps or a decorative wall light, we have a vast range of lighting solutions from HPM. We also offer a range of sensors to help automate simple tasks such as turning lights on and off.

VENTILATION

For healthy air, great ventilation is essential. It helps prevent deadly mould from sprawling an evil path across your walls and ceilings. So whisk away bad odours and minimise condensation with these classic exhaust fans.
